VesSAP data repository access

This protocol describes how to obtain data related to the VesSAP framework from the public repository at the <u>http://DISCOtechnologies.org/VesSAP</u> address.

Prerequisites

- Firewall policy to allow SFTP protocol communication
- **FileZilla** (Windows, Linux and macOS, even click-and-run versions work) suggested source: <u>https://filezilla-project.org/download.php?show_all=1</u>
- **7zip** (Windows, Linux and macOS, even click-and-run versions work) suggested source: <u>https://www.7-zip.org/download.html</u>

Procedure

1. Start FileZilla.

E FileZilla				_		X
File Edit View Transfer Server Bookmarks He		le!
